# Open Day

## 10 things not to miss this Open Day

There are nine faculties at UNSW offering a wide range of undergraduate degrees. All of these faculties will have staff and students available in the Scientia Advisory Centre along with Student Services and Organisations. All faculties will give lectures on the day and some will run interactive activities all over campus.

### UNSW Business School

The good ask WHY. The GREAT ask WHY NOT. Join us at the "The Place" [E12] to LEARN about our student successes, their creativity, innovation and entrepreneurial flair. UNSW Business School – Where Great Minds Do Business.

### Science

Learn, Explore, Discover.

Experience a flight simulator, explore your inner CSI, discover new materials and polymers, ace your HSC Maths paper by exploring the various tips and tricks from our Maths experts and don't forget to check out our solar telescopes – find Science on the Uni Mall and Scientia Advisory Centre [G19].

### Arts & Social Sciences

A Licence to Explore.

Live gigs, Arts & Media interactive media tours and the inaugural Thinking Festival. Visit us at the Webster Building [G14], Scientia Advisory Centre [G19] and the Morven Brown Building [C20].

### UNSW Canberra at ADFA

Watch the Australian Defence Force Academy Precision Drill Team perform the precise rifle drill that has become its trademark. Uni Mall [G19] to International Square [G14] at 12pm and 2pm.

### Law

Explore the Law Library, Kingsford Legal Centre and play judge in our state-of-the-art moot court. Come and find us on the Uni Mall [F8] or chat with our academics and staff in the Scientia Advisory Centre [G19].

### Campus Tours

Join a campus tour with our famous ARC Yellow shirts – complete with facts, tips, UNSW folklore and more this is the best way to experience the Kensington Campus [G19].

### Medicine

Visit the Museum of Human Disease, Australia's only publicly accessible pathology collection, with over 2,000 specimens displayed [F25]. For degree specific questions come and chat to us in the Scientia Advisory Centre [G19].

### Built Environment

UNSW Built Environment presents Luminocity! Visit the exhibition, explore different careers, and see how you can build on your talents and passion to design and build cities of the future. Our students are ready to answer your questions in the Red Centre West Wing [H13], tour our Design Labs in the Square House [E4], or speak to our staff in the Scientia Advisory Centre [G19].

### Art & Design

Be inspired. Find out how you can kick start your creative career in the Advisory Centre [G19]. Take the free bus from Gate 8 [B20] to tour our specialised Paddington Campus – while you are there meet current art, design and media students, check out our open studios, media production facilities, exhibitions, performances, hands-on workshops, screenings, career advice and creative talks.

### Engineering

Learn how engineers improve our world.

Fly above Sydney in our flight simulator, launch a microsatellite or make a leg brace for \$10. Watch our world champion robots play soccer, check out the world record breaking solar car or take a ride on our omnidirectional robotic couch. Or just kick back and enjoy a free BBQ. Find Engineering at: Tyree Building [H5], Ainsworth Building [J17], Old Main [K15] Scientia Advisory Centre [G19].

## Where to start?

1

Begin at the Scientia Advisory Centre located in the John Niland Scientia Building [G19]. Grab an event bag; it has everything you'll need to have a successful, informative and fun day.

2

Browse this program for times and information on lectures, activities, tours and fun stuff happening throughout the day.

3

Download the 'UNSW Map' app from your app store and click on 'UNSW Open Day' for quick directions to your next lecture or activity. Use the Free UNSW OPEN DAY Wi-fi network.

4

Find Student Ambassadors in the yellow 'Ask Me' shirts and chat about what it's really like to be a student at UNSW.

## Because it's about your experience. Your education. Your future.

At UNSW you're offered a world-class education, giving you everything you need to catapult your career forward.

"You should think about what you're good at, what you're interested in, and go from there."
